What's YOUR vision for how Harold's Cross should look in 10 years time?

Come along and share your views! We're working on a vision and plan for Harold's Cross for 2025 and we're looking for your ideas. Whether you're young or not so young, a long time resident or newly arrived, we want to hear from you.

We'll be talking about amenities, transport, business, housing, environment, community, new apartments and houses planned...
and anything else that concerns you.

***Let's get together to shape the future
of our vibrant, urban village***
